A window has a view or an insight. So the "Retiro" serves as a house of retreat, to wind down, relax and enjoy.

The facility can also be rented as a whole for holidays or meetings.

Janela - window*

The Boutique Hotel "Retiro da Janela" enjoys a peaceful and powerful charisma and the view of the sea, this centrally located within the Golden Triangle of the Algarve.

The guest house includes 4 rooms: 2 suites, 1 guest room and 1 apartment. Each room has a private terrace, from which one can enjoy a magnificent sea view.

With great attention to detail we have restored the 200-year-old *quinta* (farm) including the old furniture. Today, the house shines in new splendor, waiting to be explored.

The house can accommodate up to 12 guests.

A house with tradition and history is awakened from the slumber.

A harmonious and powerful place to relax, enjoy and recharge batteries.

Whoever comes here is excited and feels immediately comfortable.
